

Youth & Young Adult Services Knowledge Translation

We conduct rigorous program evaluation for quality improvement purposes, as well as, partner with researchers in order to develop and test new innovative practices to enhance the lives of the young people and families we serve. What we learn through these efforts, we share locally and nationally to a variety of stakeholders through different mediums, including:

I. Peer-Reviewed Publications

II. Book Chapters, White Papers, Toolkits & Grey Literature

III. Invited Speaking Engagements, Trainings & Webinars

IV. Peer Reviewed Conference Proceedings

V. Research Project Descriptions

Please see our list below of our knowledge translation efforts over the last 10 years.

Research at Thresholds Youth & Young Adult Programs

- 2018 **Near-Age Peer Mentoring: A Pilot Study**
 PI: Vanessa V. Klodnick, PhD, LCSW
 Project Lead: E-Shawn Spencer
 Project Description: Evaluating the feasibility of Recruiting, training, and supporting 5 young adults to mentor 10 young adults in residential settings around work, school, and career development.
- 2017-2018 **Developing a Quality Improvement Process for the Youth & Young Adult Services Division at Thresholds**
 PI: Vanessa V. Klodnick, PhD, LCSW
 Project: Development and refinement of a collaboration between quality, evaluation, and research staff to implement best-practices in quality improvement using data to influence program systems and practices
- 2016-2018 **Designing & Implementing an Evaluation of Coordinated Specialty Care for a Recent Onset of Psychosis**
 PI: Vanessa V. Klodnick, PhD, LCSW
 Project Description: Development and refinement of key performance indicators, data collection and analysis, and quality improvement efforts within the Thresholds MindStrong Program. Lessons learned have been shared with NIH.
- 2017-2018 **Fidelity Scale Comparison: Transition-to-Independence Process & Coordinated Specialty Care for a Recent Onset of Psychosis**
 PI: Vanessa V. Klodnick, PhD, LCSW
 Co-I: Marc Fagan, PsyD
 Project Description: Systematic review and analysis of concordance/discordance between two fidelity scales that represent two of the most nationally disseminated approaches to transition-age youth multidisciplinary mental health treatment.
- 2016-2018 **Career & Occupation Readiness Experience (CORE) Pilot Study.**
 PI: Lisa Razzano, PhD, CPRP, Thresholds

Project Description: A pilot study of the feasibility and impact of a manualized vocational intervention (skills-based workshops with internship component) with young adults with serious mental health challenges.

2015-2017 **Creating a Multidimensional Model of Engagement for Young Adult with Psychiatric Disabilities in Adult System Team-based Community Outreach and Support Services.**

Project Description: A mixed-methods study to examine service utilization patterns in outreach & community support team designed for 18-26 year olds in order to develop a multidimensional definition of engagement & tool to measure engagement.

2013-2017 **RISE Transitional Living Program for Homeless Youth Program Evaluation.**

PI: Vanesa V. Klodnick, PhD, LCSW, Thresholds; Funded by: U.S. DHHS, Administration on Children, Youth & Families, #HHS-2012-ACF-ACYF-CX-0289

Project Description: A mixed-methods longitudinal program evaluation of the RISE TLP.

2015-2016 **Improving Transition to Independence Process (TIP) Model Fidelity Assessment Tools.**

PI's: Vanessa V. Klodnick, PhD, LCSW, Thresholds & Hewitt B. Clark, Ph.D., Stars Behavioral Health & University of South Florida

Project Description: Created online fidelity tool to assess transitions solutions review process from staff perspective; piloted this tool at Thresholds & evaluating tool across 6 agencies.

2015 **Decision Support for Smoking Cessation in Young Adults with Severe Mental Illness.**

PI: Mary Brunette, PhD, Dartmouth College, Funded by National Institute of Health, #5R21CA158863-02

Project Description: Project examined impact of motivational electronic decision support system (EDSS) with young adults diagnosed with serious mental health challenges to increase their likelihood in accessing smoking cessation treatments.

2012-2015 **Exploring Experiences and Perceptions of a Successful Transition to Adulthood among Young People Aging Out of Foster Care from Institutional Settings with Serious Mental Health Conditions.**

PI: Vanessa V. Klodnick, PhD, The University of Chicago; Faculty Sponsor Gina Samuels, PhD, The University of Chicago School of Social Service Administration; Funded by: Fahs Beck Fund for Research & Experimentation Doctoral Dissertation Grant

Project Description: A longitudinal grounded theory study of young people aging out of child welfare with mental health conditions.

- 2011-2014 **Adapting the Individual Placement & Support Model of Supported Employment for Transition Age Youth with Serious Mental Health Conditions.**
- PIs: Maryann Davis, PhD, & Marsha Ellison, PhD, The Learning & Working during the Transition to Adulthood Rehabilitation Research & Training Center (Transitions RTC) at The University of Massachusetts Medical School; Funded by: NIDRR #H133B090018
- Project Description: A pilot study assessing the feasibility of add-ons made to the IPS-model of supported employment with 18-21 year olds diagnosed with serious mental health in residential care.
- 2007-2012 **Adapting Dialectical Behavior Therapy for Transition Age Youth Diagnosed with Severe Mental Illness.**
- PIs: Kristin Davis, PhD & Sandra Wilkniss, PhD, Thresholds Institute
- Project Description: A longitudinal mixed-method panel study evaluating the feasibility and impact of an adapted version of DBT for 18-21 year olds in Thresholds youth programs.
- 2009-2010 **Transition Age Youth with Severe Mental Illness: Post-Emancipation Study.**
- PI: Vanessa Vorhies, MSSW, Thresholds Institute & The University of Chicago, School of Social Service Administration; Co-Is: Kristin Davis, PhD, & Marc Fagan, Psy.D, Thresholds
- Project Description: A qualitative study that built on previous qualitative research of youth aging out of care from Thresholds Youth residential and TLP programs to examine the life experiences, needs, and barriers to adult community mental health services post-emancipation.
- 2007-2009 **Improving Outcomes for Pregnant & Parenting Foster Care Youth with Severe Mental Illness: An Evaluation of a Transitional Living Program.**
- PIs: Kristin Davis, PhD, & Sandra Wilkniss, PhD, Thresholds Institute
- Project Description: A mixed-methods panel study of the impact of the Thresholds Mothers Project services on a sample of 25 young women in the program for at least 12 months.
- 2006-2008 **Evaluation of the Transition to Independence Process (TIP) Model across Residential and Transitional Living Program Settings.**
- PIs: Kristin Davis, PhD, & Hewitt B. Clark, PhD
- Project Description: A qualitative panel study assessing how community-based and program-based residential settings trained in the TIP model differ in supporting young adults diagnosed with serious mental health challenges transition to independent living after aging out of the child welfare system.
